Common Purposes for Insurance and Mitigation

Bring data and analysis to inform and motivate individuals to take a risk reducing action they're not inclined to take

Help people, communities, and our organization prepare for likely events that we hope will never occur

Aid survivors by effectively and efficiently delivering on our policy contract, avoiding frustration and confusion

Deliver benefits to the taxpayer, the policyholder, and the nation based upon sound business practices and trust bestowed upon us

Improve the health of our organization to better enable excellence in the delivery of our program and mission
